

The Episcopal Diocese of Hawai‘i Diocesan Council Grants

2017 Program/Project Grant Request Guidelines and Checklist

Grant Guidelines (Effective January 2017)

Purpose:

The Diocese of Hawai‘i has financial resources through the annual budget to provide grants to entities of the Diocese. The Diocesan Council Grants are a single grant process under the oversight of the Diocesan Council. Grants are to support the work of entities as they seek to engage in activities that support the Five Marks of Mission, and are in alignment with the vision and goals of TECH (The Episcopal Church in Hawai‘i). Funding is designated **primarily in support of new projects** with the intent to assist groups in getting projects on a sound and sustainable footing. Consideration will be given to existing projects that have shown continued growth and impact on their communities, but need an extra layer of support in order to meet goals.

Eligibility Requirements:

- All entities of the Diocese may apply for funding, including parishes, schools, shared ministries, and the Camp.
- There is no limit on the number of applications each entity may submit, but the Diocese may give priority to entities that have not previously been funded in the current fiscal year.
- Applications for salaries or capital expenditures, such as equipment or improvements and repairs to Church property, are not eligible unless the application clearly demonstrates how they are necessary to carry out the intended program.

When two or more entities collaborate on an initiative, one congregation or entity must serve as the lead applicant and administer the funds on behalf of the others.

Incomplete or ineligible applications will be returned to applicants for revision, and may be resubmitted for consideration.

The grant application must be approved by the Vestry, Bishops’ committee, Chapter or Board before it is submitted to Council.

****Please note—funding is not intended for emergency needs***

Funding Allocation:

- Based on the number of applications received; applications may be fully funded, or funded partially.
- Initiatives may be funded for up to one year. Applicants may reapply for a second year for the same initiative, but funding is not guaranteed, and is limited to two awards within five consecutive calendar years.
- Entities wishing to receive funding for more than two years for the same initiative should consult with the Bishop about the possibility of the ongoing financial collaboration with the Diocese through the diocesan budget, rather than the annual grant request process.

Award request amounts can be up to \$5,000.00 maximum.

Acceptable Use of Funds:

- Funds may only be used for approved expenses, as noted in the project budget submitted as part of the application.
- If the entity wishes to use funds differently than described in the application, they must seek Council approval by notifying the Bishop about the intended change(s) and rationale.
- Receipts are required for all expenditures.
- Unexpended funds must be returned to the Diocese.
- As a practice, funding will not be used as a reimbursement for grant request expenses already expended.

A Note on Cost Sharing:

Cost sharing consists of cash contributions made to a project by the applicant by third parties, as well as third party in-kind contributions, such as donated services and goods. Though not required, applicants are welcome and encouraged to use cost sharing for projects in which the total budget exceeds Diocesan funding. Cost sharing will be considered by reviewers as a demonstration of the applicant’s commitment to the project. Please include any cost sharing information on the budget sheet. You may also make notes as to donations of time and skills.

Application Timeline and Submission: Prior to submitting a proposal, applicants are strongly encouraged to contact the Office of the Bishop; the Bishop or a designee will help applicants understand initiative planning and the application process.

- Short--term projects: a single evaluation report should be submitted within thirty days after the completion of the project.
- Long--term projects: projects of more than six months should include a mid--term update report submitted after no more than three months, and a final evaluation report within thirty days after the completion of the project, or at the end of one full year following the implementation of the ministry.

Content of Evaluations

Evaluations should be submitted to the Diocesan Council, who will review and may ask additional information. Evaluations should include:

- An assessment of the initiative, what was learned, what could be done differently in the future, photos of the implementation, and an accounting of expenditures (unused funds should be returned to the Diocese).

Successful initiatives may be shared online, with their follow--up reports so that congregations in the Diocese can see the kinds of ministries funded, and may become inspired to explore new opportunities for ministry.
