CHARITABLE GIFT ANNUITIES
They're for Everyone!

A Charitable Gift Annuity (CGA) is one of the most popular types of life-income charitable gifts currently available. A CGA offers a guaranteed income and a charitable deduction. But did you know that you can create a CGA for someone other than yourself? For instance, if you are concerned about your parents having enough income to sustain them over the course of their lives, you can create a charitable annuity on their behalf. The rate that they receive would be based on their age(s) and would continue for as long as they live. Rates currently range from 5%–11.3%. You would receive a charitable deduction for your gift, as well as the piece of mind that comes with knowing that your loved ones will be safely supported for life.
